Clients are all set for pharmacy accreditation exam

Our internationally educated pharmacist clients who participated in the Pharmacy Examining Board of Canada Evaluating Exam (PEBC EE) study group are prepared to take their exam scheduled on July 3 and 4 in Edmonton. The group ran from February to June and was facilitated by Rachel Malahay, career coach at Directions and our licensed pharmacist facilitators Lisa, Maher, Amira, Salma and Jason.

Yganya, an internationally educated pharmacist with 11 years of experience, is happy with the group. "Rachel kept us on track and taught us time management. It's been easier to study because I have completed all the quizzes," says Yganya.

Rachel is impressed with the cohesiveness and commitment the participants have shown. "They are helping each other not only to pass the exam but also to plan accommodation and transportation to make sure they get to the test centre on time," says Rachel.

At Directions we help our clients succeed beyond passing the licensing exams. Rachel reminds the participants to put into practice the knowledge and work ethics they have learned when they reach the final goal of working as a licensed pharmacist. The upcoming PEBC EE study groups will start on September 4 and 7.
